

## GRADUATE STATISTICIAN / DATA SCIENTIST

### Who are we looking for?

We are looking for self-motivated high-achieving graduates in mathematics, statistics or a similar discipline to join our team. Applicants must be eligible to work in the UK and be available to start work as soon as possible.

Quite apart from the academic qualifications which such a position demands we are looking to recruit graduates who can deliver innovative solutions utilising their impressive analytical and interpretative skills. The successful candidate will need to demonstrate the ability to deal with large data sets, finding innovative solutions for complex problems and show an acute eye for detail. Understanding the importance of maintaining RSMB's high standards of work is an obvious prerequisite.

We offer a competitive starting salary plus training, development and an extensive range of benefits.

Our team of 38 people, many of whom are statisticians, developers or project managers, are based in modern offices in the heart of Central London.

### The Company

RSMB Limited is a specialist company providing customised statistical research solutions and consultancy services to the media industry. We are market leaders in television audience measurement. We have extensive experience of both traditional and digital audience measurement as well as being internationally respected practitioners in data fusion and cross-media integration.

### What do RSMB do?

RSMB holds key long-term contracts with BARB and RAJAR, the organisations responsible for providing the official measurements of UK television and radio audiences. We work with similar organisations in Europe and further afield as well as directly for media owners, media agencies and advertisers.

RSMB's core services occupy the field of design, methodology and quality control of traditional survey and panel research. We are currently enjoying increased demand for our statistical modelling and data integration expertise reflecting the increasing complexity of measuring media consumption in the data-driven digital age.

### How to apply

If you would like to be considered for this position please send a covering letter outlining why you would be an asset to the Company along with your CV via email to [jodi@rsmb.co.uk](mailto:jodi@rsmb.co.uk) or to Jodi Balfourth at the address below. Applications without a covering letter will not be considered.

The closing date for applications is Friday, 28th June 2019.
